digicert®

Secure Site Pro Certificates

DigiCert is the industry's most widely respected provider of high-assurance TLS/SSL certificates, trusted by the world's top companies to secure billions of transactions, worth billions of dollars, every day. Since our founding two decades ago, DigiCert has been committed to doing what's right for the internet. From innovative tools that make the certificate lifecycle faster and easier to manage, to security solutions for the post-quantum computing age, DigiCert sets the standard in digital trust.

DIGICERT SECURE SITE PRO TLS/SSL CERTIFICATES

DigiCert Secure Site Pro is more than just the highest-assurance TLS/SSL certificate available. It's a comprehensive website security solution that helps your customers protect their users and their brands from existing and future threats. Secure Site Pro is ideal for websites that process payments or collect financial, healthcare, or other regulated data. That's why Secure Site Pro is the preferred choice for the world's most trusted brands.

Secure Site Pro Certificates

TOP REASONS CUSTOMERS CHOOSE SECURE SITE PRO

1

BRAND PROTECTION

Detect rogue certificates by monitoring certificate tranparency (CT) logs. CT log monitoring helps identify potentially fraudulent activity and enterprise policy violations.

2

DIGICERT SMART SEAL

Globally tested and proven to increase engagement with website visitors.The Smart Seal provides visible proof of security and trustworthiness.

3

PRIORITY VALIDATION

Get your certificate faster. DigiCert Secure Site Pro customers get exclusive access to our priority validation queue.

4

INDUSTRY-LEADING CONSOLE

DigiCert CertCentral simplifies certificate issuance and renewal. Through our easy to use APIs and webhooks, our partners can integrate the full capabilities of CertCentral.
