

Why Choose DigiCert?

DigiCert is a security industry leader, providing a full suite of SSL Certificates as well as certificate management tools for enterprises of all sizes.

Tools and Services

MARKET-LEADING TOOLS AND PLATFORMS

DigiCert PKI management tools help organizations control certificate lifecycle management. Maintaining a secure network goes beyond purchasing and installing SSL Certificates; it includes proper configuration, vulnerability scanning, ongoing monitoring, and timely renewal. The best part: DigiCert tools and platforms are free.

24/7 ENTERPRISE SUPPORT

DigiCert's award-winning technical support team is available any time you need help, and certificates are validated around the clock. Organizations are given a dedicated account representative who is a committed partner in your security.

FASTEST OCSP RESPONSE SPEEDS

DigiCert has OCSP response times up to 4 times faster than our competitors. We also boast 100% server uptime. Studies have shown that lower OCSP response times are linked in more sales and more conversions. User experience matters, every millisecond matters.

ABOUT OUR CUSTOMERS

DigiCert is trusted by over 115,000 organizations in more than 180 countries, including notable organizations in finance, healthcare, e-commerce, and technology sectors.
